

ARCHANA YADAV

FULL STACK DEVELOPER

I'm a skilled Full Stack Developer who knows MERN stack, HTML, CSS, React, and JavaScript well. I'm good at making websites that work smoothly. I'm also great at designing how websites look, making the "back-end" work, and managing data. I've done projects where I made things work better and got them done on time. I'm ready to help with exciting new projects!

PROJECTS

COCKTAIL MAKING WEBSITE USING API

I'VE MADE THIS COMPLETELY BY MY OWN USING JAVASCRIPT, AND REST API. THIS HELPS HOME BARTENDING.
